

# Pride Of Creation

**Music: T. & C. Felauer / Meisen**

**Lyrics: Meisen**

Try to erase  
But we cannot die  
Spreading the disease  
Look into my eyes  
Guard your tongue  
Vicious rumours for the blind  
Beware of the damned  
We're not of your bastard kind

**Pre-Chorus:**

You are a big mouth  
As we know there's nothing in it  
Come on and shut up  
We're the pride of creation

**Chorus:**

We don't care what you play and do  
All we got to say is  
Fuck you!!

Enrichment of glory  
You're just a thief  
Art to the artists  
We practice what we preach  
Look into the mirror  
It will tell you the truth  
A shockwave to the crowd  
We're the unwanted youth

**(Pre-Chorus)**
