

Tortured souls

Tortured souls  
Silent screams  
Undead hearts  
In a lifeless shell  
Darkened views  
Haunting past  
Twisted minds  
In a ruthless world  
Scarred arms  
Scarred legs  
Bloodstained flesh  
In the darkest night  
Total Death  
Total Hell  
Total War  
In times like these

Cut my knife through flesh  
Til my hell now fades away  
I just want to die  
Insignificant am I  
Intoxicate my veins  
Destructive as I am  
If the pain won't end  
Then suicide's my way

Playing symphonies of sickness  
On my violin veins
