

Warfield Within

Warfield Within
Warfield Within

Fear pain and misery is constantly a part of me
Imprisoned in my own dark mind with no more place to hide
War – eternal struggle
Lost – the odyssey goes on and on

Warfield Within
Warfield Within

All the sadness all the pain
All the love and just one sin
Rages in a Warfield

Searching for answers I can't find
Lost in a maze until I die
In my mind rages a Warfield

Desperation and desolation is a perfect state of mind
Disbelief and resignation when nothing's close in sight
Rational – irrational
Mind - The Gathering of two extremes

No destination to find
The meaning of life makes no sense to me
I doubt what I see and hear
No direction causes self destruction
It's just all in my mind

All the sadness all the pain
All the love and just one sin
Rages in a Warfield

Searching for answers I can't find
Lost in a maze until I die
In my mind rages a Warfield

Existence means suffering
No matter what you do
